**THE AD INTERIM  
LEGISLATURE.**

Men Who Will Handle Difficult  
Problems.

MAY BEGIN WITH SAKE MUDDLE.

New Men in Republican Harness.  
Some Have Had Plenty of Expe-  
rience—President Dole's Appoint-  
ments—Members New to the Faith.

Commissions have been issued to  
John Nott, John Phillips, S. K. Ka-ne,  
G. W. Smith and J. P. Mendonca as  
Councillors of State under appointment  
by the President.

These commissions date from yes-  
terday, and will continue for two years,  
or until the close of the next Legisla-  
ture. It is probable that the first mat-  
ter to come before the body will be an  
appeal from the Japanese regarding  
the sake tariff bill, as it is understood  
that a meeting of the merchants inter-  
ested in that product will petition for  
a change.

A meeting of the merchants is to be  
held today for the purpose of formulat-  
ing a scheme to present to the Govern-  
ment. The matter will be handled  
diplomatically.

The Councillors selected by the Presi-  
dent are conservative business men,  
who have had experience in legisla-  
tive bodies. John Nott was one of the  
members of the Provisional Legisla-  
ture appointed in 1893, and while not  
a man of great forensic ability, he has  
an opinion and a vote and he uses both  
in a way which tends to the best inter-  
ests of peace and good government.

George W. Smith, the druggist, is a  
man of sterling qualities; a staunch  
annexationist and a firm supporter of  
the Government. His business career  
in Honolulu is one with which he or  
his friends can refer to with a great  
deal of pride. In the trouble of 1895  
Mr. Smith joined the militia and was  
on active duty as long as his services  
were required.

John Phillips was a member of the  
Legislature of 1890, and after the over-  
throw, in 1893, was frequently consult-  
ed by the ex-queen. He is a man of de-  
cided opinions, which he does not hesi-  
tate to express either privately or in  
debate. While not an advocate of the  
Republican form of Government for the  
islands at its inception, he has within  
the past two years become a  
firm supporter of it. He  
was a good politician in the old days  
but with the changes of Government  
he has evolved into a level-headed busi-  
ness man, who will represent, as much  
as anything, the brain and brawn of  
the community. In the event of any  
diplomatic measure being discussed by  
the Council, Mr. Phillips may be count-  
ed upon to vote in a way that will be  
for the best interests of the islands.

Samuel Kapoi Ka-ne is an Hawaiian  
and has been a successful practitioner  
at the bar for several years past. He  
has progressive ideas and is a man of  
considerable influence among the Ha-  
waiians. He has been recognized in  
politics, and with his experience as a  
debater in the courts of the country he  
will no doubt be an acquisition to the  
body. He has not been active in politi-  
cal affairs for several years past, so  
that so far as this honorary position  
may be considered as of politics, Mr.  
Ka-ne begins with new zeal and great-  
er ability gained by wider experience.

James P. Mendonca is the only rep-  
resentative of the Portuguese have in the  
Council. He is a wealthy ranchman  
and resides with his family at Kane-  
ohe. Mr. Mendonca was first appoint-  
ed to the Council in 1894, and was regu-  
lar in attendance at the meetings up  
to the time the body dissolved at the  
beginning of the session of the special  
Legislature.

Under the law the President is to ap-  
point but five. The House of Repre-  
sentatives elect the same number, also  
the Senate. In the selections by these  
bodies no change was made from  
those who were appointed before.

The House named D. L. Naone, A. G.  
M. Robertson, E. C. Winston, Mark P.  
Robinson and John Ena, and the Sen-  
ate selected W. C. Wilder, Cecil Brown,  
P. C. Jones, J. A. Kennedy and C.  
Bolte.

"JAMIE" WILDER'S TRAVELS.

Will Cross the Island of Borneo  
Through Unexplored Regions.

The party with which "Jamie" Wilder  
has joined forces is now in Borneo and  
intends crossing the island from north-  
west to southeast. They go up the  
river near Sarawak, pronounced Sara-  
wa, and when they can no longer use  
their boats they strike into the unex-  
plored interior. The expedition will  
take at least eight months and may  
take a year. The results are expected  
to be useful from a scientific stand-  
point, and also will yield a good work  
of travel from a very bright pen.

Mr. Wilder writes from Singapore,  
which he says is only a little hotter  
than Honolulu at noon. He is struck  
with the cheapness of things. Singa-  
pore is a free port; that accounts for  
it. Mr. Wilder's many friends will be  
glad to hear that he is in excellent  
health, and of course in good spirits.

COLLEGE EXERCISES.

Program for Commencement at  
Oahu College.

The commencement exercises at Oahu  
College will be held at Pauahi Hall,  
Punahou, Thursday evening, June 18,  
at 7:30.

The following short but excellent pro-  
gram has been arranged by Prof. F. A.  
Hosmer:

Voluntary . . . Prof. Arthur B. Ingalls  
Invocation . . . Rev. Charles M. Hyde, D.D.  
"We Meet Again Tonight" . . .  
College Glee Club  
Address . . . Henry S. Townsend, A.M.  
"Oahu College March" . . . H. Berger  
College Orchestra.  
Valedictory . . . M. Ethelwynn Rice  
Serenade (with violin obligato) . . .  
Schubert  
Miss Jessie R. Axtell.  
Presentation of Diplomas.  
Benediction . . . Rev. Douglas P. Birnie  
The graduating class is composed of  
Albert Fayerweather Afong, Thomas  
Huddy Bartow, William Richards Cas-  
tle, Jr., Anna Isabella Forbes, Charles  
Edward Hapal, Mary Ethelwynn Rice,  
Clifton Howard Tracy.

TIDAL AFTERMATH.

Speculating as to Cause of Distur-  
bance—May be a Cable Station.

One of the tourists who left for the  
volcano yesterday gave it as his opin-  
ion that the tidal wave of Monday was  
the result of a great volcanic upheaval  
in the ocean between here and Asia.

He believes it quite probable that  
news will be received through some ves-  
sel on the route of the appearance of  
another island in the Pacific. It was  
suggested that it might be another  
island in the Hawaiian chain, and prob-  
ably seventy miles from Hawaii. This  
he doubts, for the reason that the rise  
and fall of the tide would have been  
greater and at closer intervals.

The exact location of the disturbance  
may never be known unless, as was the  
case of the island formed a few years  
ago in Alaskan waters, it should be on  
the direct route of some line of vessels.  
If it should happen to be between  
here and Australia there will be an-  
other island for Minister King to an-  
nex as a cable station.

Match Race Thursday.

The match race between Billy But-  
ton and Judah, which has been brewing  
ever since the 11th of June, has been  
decided on finally. The two fast horses  
will try conclusions at Kapiolani Park  
track Thursday afternoon, the exact  
time to be named later. The Judah  
contingent is very much dissatisfied  
over the last trotting race at Kapiolani  
Park on June 11th, in which Billy  
Button won three heats to Judah's two,  
and have been seeking for a match be-  
tween the two horses. The Billy But-  
ton men are confident that their horse  
will win, and Jack Stelling goes so far  
as to say that Creole's time (2:22 1/2) will  
be beaten. At all events, the race will  
be a close one. Both horses are in the  
very best of fettle.

A Pittsburg building will hold 20,000  
people.

**WAS DEDICATED  
APPROPRIATELY.**

Castle Memorial Organ in Pauahi  
Hall, Punahou.

NEW ADDITION TO OAHU COLLEGE.

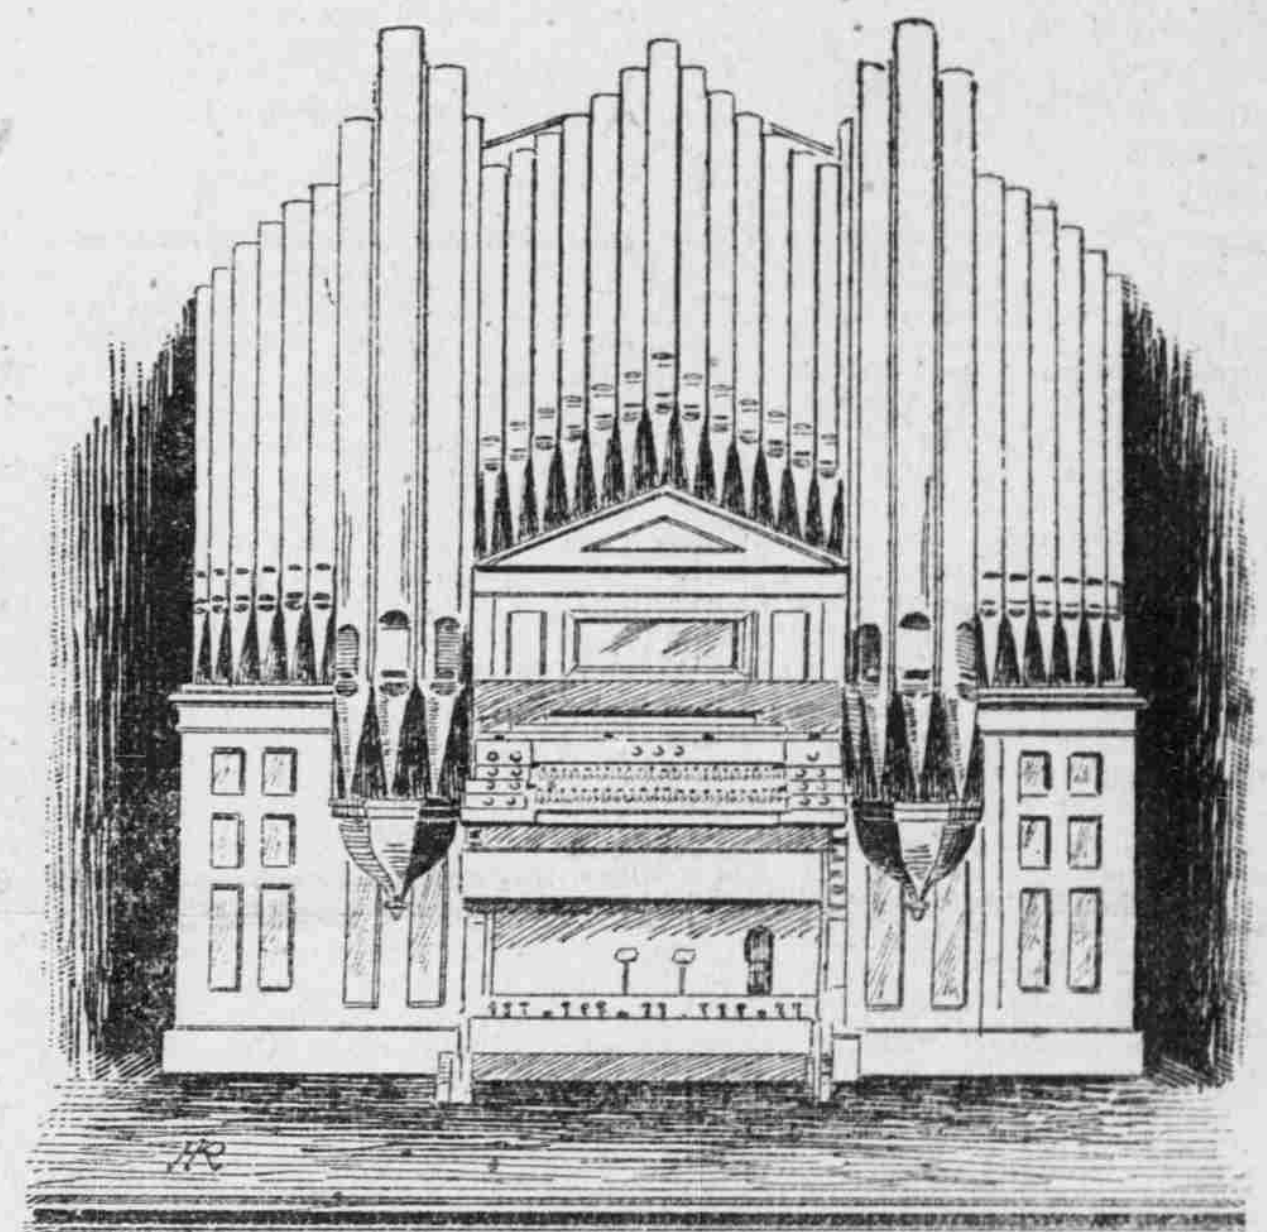

Wray Taylor's Latest Composition.  
Mrs. Montague Turner's Solos.  
Miss Axtell and Prof. Wood Re-  
ceived Encores—A Large Crowd.

The beautiful, rich-toned Castle me-  
morial organ in Pauahi Hall was for-  
mally and very appropriately dedicated

number of the program. "Asthere" as  
an encore was also very well received.  
Strange to say, Mrs. Turner's last  
piece, "The Lost Chord," did not meet  
with the usual encore. This was not  
due, however, to the failure of the  
singer to render Sullivan's beautiful  
composition with classical perfection.  
The solo "Open Thy Lattice," by J. Q.  
Wood, was a popular number. Mr.  
Wood has a good baritone voice, and  
his stage presence is very good. Re-  
plying to an encore Mr. Wood sang  
"I've Something Sweet to Tell You."

The Hawaiian Orchestra rendered  
selections from Tannhauser, also Han-  
del's "Hallelujah Chorus." It would  
hardly be proper to pass severe criti-  
cism upon the orchestra, on account of  
the short time it has had for practice.  
Possibly the audience expected too  
much. In this particular case Prof.  
Berger failed to gauge the amount of  
noise to the size of the room.

The violin solo by Robert E. Bond  
was a very pleasing introduction of  
some of the home talent of the college.

THE CASTLE MEMORIAL ORGAN.

on Tuesday evening. The program pre-  
pared for the event was in many fea-  
tures indeed a musical treat that met  
with the enthusiastic approval of the  
music-loving public.

The audience, which gathered in the  
large assembly hall, although an un-  
usually large one was a representa-  
tive gathering, and from the reception  
given this additional feature of Oahu  
College commencement week there is  
every reason to believe that with the  
splendid facilities which the college  
now has for accommodating and en-  
tertaining its friends, the graduation  
concert will become one of the prin-  
cipal musical events of the year.

At the opening of the program  
Wray Taylor presided at the organ,  
rendering a musical gem, "In Memori-  
am," which he had composed for the oc-  
casion. This was followed by Thomas'  
"Concert Fantasia." Mr. Taylor's abili-  
ties as an organist are too well known  
to require an extended dissertation up-  
on the excellence of his production. Un-  
der his cultured touch the organ was  
heard at its best.

Miss Axtell sang "Ave Maria," with  
violin obligato by Mr. Bond. Miss Ax-  
tell was in good voice and received an  
encore.

Mrs. Montague-Turner is always  
given a hearty reception by a Honolulu  
audience, and last night was no excep-  
tion. At the request of friends  
Tosti's "Good-bye" was substituted  
for "Ora Pro Nobis," which the pro-  
gram promised. The audience was  
quite carried away with Mrs. Turner's  
magnificent rendition of the piece,  
which was by far the most popular

Withal it may be said that the ar-  
rangement of the program reflected  
credit upon the members of the col-  
lege faculty who have been instru-  
mental in paying the tribute of formal  
recognition to the kindness of one  
whose interest in the advancement  
and welfare of Oahu College was never  
failing.

DESCRIPTION OF THE ORGAN.

The instrument has two manuals  
and sixteen stops, with a total of 649  
pipes. It was built in San Francisco  
by John Bergstrom & Sons' Organ  
Manufacturing Company, who have  
built many organs of various sizes in  
California and adjoining States. The  
lumber used in the construction is of  
the best and well seasoned.

All of the interior wood work is shel-  
laced. The bellows, with two feeders,  
are really larger than required, but  
that ensures steady wind. In front of  
the player, above the keys, is a small  
dial showing whether the bellows are  
full of wind or empty. A revolving  
glass above the music desk gives the  
player a view of the hall in every part.  
The case is made of quartered oak,  
with a highly finished polish. The  
stop jams are of mahogany and the  
key trimmings of ebony finish.

The front pipes are of heavy black  
tin, polished, and look as if they were  
made of silver. The effect with the  
oak case is very fine, something out of  
the general way. Nearly all organs are  
constructed with decorated front pipes.  
The touch is very light, even when  
both rows of keys are coupled together.  
The voicing is of the very best, and the
